

SUGAR FOR CANNING TO BE PRORATED

Refiners to Work With Government to Insure Economy and Fair Distribution.

WASHINGTON, May 7.—Sugar requirements for essential industries, such as canning and preserving, will be prorated by a committee of sugar refiners, working in conjunction with the Department of Justice, as the result of a meeting held in New York, Howard Figg, special assistant to the Attorney General, announced upon his return here.

The committee in charge of the prorating numbers twelve. Each is a representative of a refinery. Requirement estimates are being drawn by the canning and preserving industries, Mr. Figg said. The committee will report at another conference in New York next Tuesday. Mr. Figg said the refiners had agreed to supply the sugar as the committee directs. Deliveries of the prorated sugar, which will extend over the whole preserving and canning period, will be made at the prevailing market price at the time of delivery, it is understood.

Action by refiners and the Department of Justice was taken to assure a sufficient supply of canned goods for consumption by the public through the winter. It also, according to Mr. Figg, will prevent the waste of vegetables and fruits.

Arrested on a Charge of Sugar Profiteering.

The Flying Squad arrested Max Muller of No. 15 West 100th Street yesterday. Agent Max Eisman charged in his complaint that Muller bought 600 pounds of sugar and sold it for 24 cents a pound. Federal Commissioner Hitchcock paroled Muller in the custody of his counsel.

Members of the squad in Brooklyn have been devoting attention to restaurant charges, which are said to have increased despite a drop in wholesale food prices.

BLOCK ANTI-DUMPING BILL

Senate Democrats Prevent Vote on Republican Tariff Measure.

WASHINGTON, May 7.—Although failing in their efforts to block its consideration, Senate Democrats yesterday prevented a vote on the so-called Anti-Dumping Bill, which provides special tariffs against foreign merchandise sold in this country at below production costs. The Republicans got the measure before the Senate by a strict party vote, but the Democrats debated it until the end of the morning hour, when it automatically was replaced by the Dye Tariff Bill.
